

Project Profile

Cat A strip out back to shell and core of the first floor area of this busy occupied office building in the heart of Hammersmith

Key Works Completed

Removal of:

- Carpet, vinyl and timber floor finishes
- Drywall and Glazed Partition walls
- Ceiling services to leave a clean soffit.
- Wall mounted services.
- Fixtures, fittings and joinery
- Suspended Ceilings
- WC Areas
- All debris removed via rear stairs.

Client
Interior Lab

Programme & Value
£24000.00 - 2 Weeks

Specific Site Challenges
These works were carried out in normal hours but with agreed times for noisy works due to the building being occupied. All waste was removed using wait and loads due to limited space for the storage of waste and parking restrictions.

"I score Lawmens and their team a '10' in every area of their work. The attitude of their operatives, attention to detail, safe working methods and general work ethic are all fantastic" Vlad Ionut Marian - Interior Lab Site
